What can I do?

Imagine something like this...

Challenges

- Being a Dash-Shaped (-)
 - Today it's easy to do a "Hello World"
- Being a I-Shaped
 - Sometimes it's harder
 - Takes time
 - Constant improvement

<https://agileleanlife.com/t-shaped-skills-every-area-life/>

Hints

- Know yourself
- Improve on what you need to improve
- Invest in what you are good at
- Tech comes and goes... Let it go...
- Adapt!

Be a T

The “I” is your deep knowledge

The “-” is your broad knowledge

The “T” is your added value!

“The higher the demand, the rarer a skill and the better you master the skill, the more value you provide to the market.”
